

# SARACENS WOMEN'S ACADEMY AT OAKLANDS COLLEGE

## ABOUT OUR ACADEMY

The Saracens Women's Academy consists of multiple strands to give clear opportunities for players to progress through the grassroots club game into an elite performance setting. The aim is to retain players that will contribute to the clubs successful senior domestic teams, and develop the England national team for years to come.

# SUCCESS STORIES

## AMELIA MACDOUGALL

Amelia has been one of our very recent success stories, making her debut for England U18s in the recent Six Nations Festival and being promoted to the senior Saracens squad this season.

She is set to continue developing over the next few seasons, with her strength and ball distribution making her stand out on the field.

## KATIE JOHNSON

Katie made her professional debut in the Allianz Cup against Loughborough in September 2022, going on to make her starting debut for Saracens in the Allianz Premier15s a few weeks later.

Comfortable at fly half or fullback, Johnson is a major talent and one that continues to take every opportunity.

## CHLOE FLANAGAN

Chloe Flanagan made her Saracens debut earlier this season in the Allianz Cup, playing alongside her hero Rocky Clark.

Since then, she has featured in the Allianz Cup side that finished as runners-up last season, as well as being duel-registered with Old Albanians RFC.
