A note from the Club

66

As we look ahead to one of the most significant seasons in the club's history, there has never been a better time to be part of Saracens Women. Fresh from reaching the PWR Final and with our 150th anniversary season on the horizon, there is a huge sense of excitement building around the club.

The months ahead will see new faces arrive, familiar faces recommit their futures to Saracens, and another talented generation continue to emerge through our pathway. Together, they will help write the next chapter in the story of a team that continues to set the standard both on and off the field. As we celebrate 150 years of Saracens, we'll honour the people and moments that have shaped our history while looking forward to an exciting future for the women's game.

It promises to be a season full of ambition, pride and unforgettable moments at StoneX Stadium.

From everyone at Saracens

Pricing

2026/27 Women's Season Ticket

A Women's Season Ticket gives you access to all Saracens Women's home league and pool-stage fixtures, including PWR Cup matches (excluding pre-season friendlies and knockout fixtures), providing the same level of access as the 2025/26 season.

Please see the pricing table below. If you are renewing an existing Saracens Women's season ticket, you will qualify for the renewal price shown. If you are purchasing a Saracens Women's season ticket for the first time, you will pay the first-time buyer price.

As a benefit of being part of the wider Saracens family, Men's Season Ticket Holders qualify for the preferential rate shown in the bottom row, regardless of whether they have previously held a Women's Season Ticket. This means that if you hold a Men's Season Ticket and are buying a Women's Season Ticket for the first time, you will still receive the Men's Season Ticket Holder price.
